 Ho Chi Minh City

Expertise

Technical:

- **OS Administration:** Windows 10/11, Linux (Ubuntu CLI), Android.
- **Networking:** TCP/IP, DNS, DHCP, SOHO Router Configuration, VPN Setup, Wi-Fi Troubleshooting.
- **Hardware:** Desktop/Laptop Diagnostics, Component Upgrades (RAM/SSD), Printer Configuration, Peripheral Troubleshooting.
- **Security:** Threat Analysis, Malware Remediation, Identity & Access Management (IAM), PII Data Protection, Defense-In-Depth, Zero Trust.
- **Web Infrastructure:** Web Development, DevSecOps, Cloudflare Edge, Hosting/DNS Configuration (cPanel).

Operation & Process:

- **Documentation:** SOP Creation, Knowledge Base Authoring, Technical User Guides,
- **Training:** "Train-the-Trainer" Methodologies, End-User Onboarding, Security Awareness Training.

ALEKSANDAR POPOV

IT Support Specialist

Profile

CompTIA Trifecta (A+, Network+, Security+) Certified IT Infrastructure professional with a simple value proposition: **I work on your clock.** Based in a strategic global time zone (GMT+7), I offer complete schedule flexibility to align with your operations. Whether you need a dedicated technician for US/UK/ANZ Business Hours or reliable coverage for Graveyard Shifts/Weekends, I'm the missing puzzle in your organization. With a proven background in **Windows Server/AD deployment** and native-level English proficiency, I bridge the gap between complex technical issues and non-technical end-users. Available immediately as an Independent Contractor (B2B) or through EOR.

Relevant Technical Experience

Lingo Leap (EdTech Startup) | 2023 - present | VIETNAM

IT Administrator

- **Infrastructure Management:** Managed the end-to-end technical stack for a boutique online school, including website design and coding, deployment, maintenance, hosting configuration, and DNS management.
- **User Support:** Provided white-glove technical support for remote teachers and students, resolving webcam, microphone, and connectivity latency issues via remote desktop tools.
- **LMS Administration:** Administered the Learning Management System (LMS), managing Identity and Access Management (IAM) for 10+ staff and 100+ students (User Provisioning, Password Resets, RBAC).
- **Security Implementation:** Hardened the SOHO network and implemented data privacy practices (PII protection) for student records, ensuring basic compliance with privacy standards.
- **Instruction & Compliance:** Designed and facilitated end-user training and staff onboarding programs. Authored Standard Operating Procedures (SOPs) and documentation, ensuring organizational compliance and quality assurance across the platform.

Win Win Computers | (2016 -2019) | SERBIA

IT Support and Hardware Technician

- **Hardware Diagnostics:** Performed bench testing and troubleshooting on desktop/laptop hardware, diagnosing motherboard, PSU, and RAM failures for 50+ walk-in clients weekly.
- **OS Deployment:** Executed clean installations and data migrations for Windows 7/10 operating systems, ensuring driver compatibility and data integrity.
- **On-Site Field Support:** Deployed to client homes to configure SOHO routers, troubleshoot ISP connectivity issues, and perform malware remediation (virus/spyware removal).

Additional Professional Experience

Vietnam Public Schools | 2020 – 2023 | VIETNAM

Math and Science Teacher/Teacher Trainer

- **Instruction & Compliance:** Delivered Math and Science curriculum in English to 2000+ students while auditing junior teachers on adherence to national compliance standards and teaching requirements.
- **Technical Training (Train-the-Trainer):** Conducted workshops for 20+ staff members on the effective use of interactive whiteboards (SmartTech), troubleshooting common driver/calibration errors to minimize classroom downtime.

Telekom Srbija/VIP Mobile | (2013 –2016) | SERBIA

Field Sales & Installation Technician

- **Technical Sales:** Consulted with residential clients to identify bandwidth needs and upsell suitable broadband/DSL packages.
- **CPE Configuration:** Assisted in the physical setup and provisioning of Customer Premise Equipment (Modems/STBs), verifying signal strength and service activation.

Projects

Zero-Interaction Threat Analysis (Live MSP Incident)

- Detected and analyzed an active clipboard-hijacking payload (ClearFake vector) on a US-based MSP's production website. Identified sophisticated User-Agent evasion tactics and executed responsible disclosure, guiding the executive team through immediate remediation to neutralize the threat within 24 hours.

Detailed documentation and proof of work available upon request.

Enterprise Infrastructure Lab (Proxmox VE)

- Architected a bare-metal hypervisor lab with pfSense VLAN segmentation and OOB management via Tailscale. Administered Windows Server 2022 (AD DS, DNS/DHCP, complex GPOs) and hardened the core infrastructure by patching critical vulnerabilities identified via Tenable Nessus credentialed scans.

Web Architecture & DevSecOps (Production Deployments)

- Developed and deployed high-performance platforms via GitHub Actions CI/CD pipelines. Enforced strict HTTP security headers (HSTS, TLS 1.2+) and implemented Cloudflare Bot Mitigation, achieving SecurityHeaders Grade A and 100/100 performance scores.

Cybersecurity Forensics (Mobile Verification Toolkit)

- Utilized the Mobile Verification Toolkit (MVT) via Linux CLI to analyze Android backup images, scanning for spyware Indicators of Compromise (Pegasus/Predator) to verify device integrity.

Tools & Platforms:

- **Admin Tools:** Microsoft Office, Microsoft Azure, Entra ID, Active Directory, Google Workspace.
- **Support Tools:** Remote Desktop (RDP), TeamViewer, AnyDesk,
- **EdTech:** Learning Management Systems (LMS) Administration
- **AI** - Generative AI Prompt Engineering, Script Automation, Log Analysis.

Key Competencies:

- **Client Communication:** De-escalation techniques for high-stress stakeholders, translating technical jargon for non-technical users.
- **Cross-Cultural Liaison:** 5+ years experience bridging Western/Vietnamese business communications.
- **Languages:** English (Native/Bilingual Proficiency), Serbian (Native).

Education:

- **Bachelor of Economics:** School of Economics and Management Studies - Kragujevac, Serbia
- **CompTIA A+ Certified**
- **CompTIA Network+ Certified**
- **CompTIA Security+ Certified**
- **MS-900 Certified**
- **AZ-900 (In Progress)**
